Sate and local law requires that you provide copies of all non-public documents and other materials to both attorneys or to your attorney and the other party if they are representing themselves. Please note that copies of any documents/pictures/materials will become part of your case file. They are not confidential, fully discoverable by the other party and/or their attorney and will not be returned to you.

If Mr. Rosen requests copies of records from Department of Public Social Services (CPS) these records will be summarized but only turned over to either party by an order of the court. The same applies regarding any CPS/Police video interviews.

Your signature on this form certifies that you have read this information and understand what is said. Your signature also conveys that you agree to all the conditions, intend to comply and release the evaluator from any and all liability for your failure to do so
